### WEEK'S NEWS IN

#### THE COMMERCIAL WORLD.

Bank clearings this week...\$581,453  
Same week last year...523,820

Increase, .....\$ 57,633

Business with the wholesalers is very good and collections are fair. Wholesale grocers, dry goods, saddlery and harness, whiskey, and candy houses especially having a good trade.

Retail business is fair, but not as good as dealers had hoped for, the mild weather hurting trade considerably.

#### Dun's Review.

New York, Feb. 3.—R. G. Dun & Co.'s weekly review of trade says:

Complaints have been numerous regarding the mild weather, January having closed without bringing normal weather temperature in many sections of the country. Yet results for the month were most satisfactory on the whole and preparations for the future continue with undiminished confidence.

Manufacturing plants are well engaged, orders on hand being of such volume as to assure activity for some time to come, especially at steel mills and footwear factories.

Failure statistics in January made a favorable comparison with last year's figures. Railway earnings were 14.3 per cent. larger, and if the general results in January are maintained the year 1906 will be another record-breaker in the mercantile world.

Failures in the United States this week numbered 268, against 250 last year, and 27 in Canada, against 30 last year.

#### Weekly Bank Clearings.

New York, Feb. 3.—Total bank clearings compiled by Bradstreet for the past week were \$3,512,626,708 an increase of 27.5 per cent. compared with the corresponding week of last year.

#### Raise of Nearly a Million.

The county tax book supervisors will meet Monday for the purpose of hearing complaints from property owners who have been raised, and will remain in session until the 15th, when final adjournment will be taken.

The total raises made by the county board this year have been figured out and amount to a few hundred dollars more than \$900,000. The raises, however, are subject to the further action of the supervisors who may raise or reduce them after hearing complaints from tax payers.

The assessment last year was an increase over the previous year, amounting to more than \$10,000,000. It is understood that it will take a great deal of hard protesting to bring about much reduction, as the supervisors have carefully made all assessments.

#### Mr. Charles Abbott Here.

Abbott, formerly route agent for the American Express company on this division, but recently promoted to the agency of the company at Nashville, Tenn., arrived this morning, accompanied by Mrs. Abbott, on a brief business trip.
